

Sunshine Sanitary Napkin Incinerator is the smallest incinerator in India. It is an Automatic Sanitary Napkin destroyer manufactured with high rate of reliability proven through performance. It is the best solution for sanitary napkin disposal needs, wherein the used napkins are converted into a sterile ash. It helps in instant disposal of used napkins in a very scientific and hygienic way, it is very useful for all women to get pollution free hygienic environment, it is very easy to operate, very compact in size, fully automatic cut off after burning, can be wall mounted and requires few minutes to burn the used sanitary napkins. The furnace burns the used napkins and releases flue gases to atmosphere. It is stress free for women, reduces plastic bag usage, avoids blockade in toilets, avoids water way pollution, avoids drainage line chock, saves water and maintains healthy environment.

Method of use Put the Napkin in the window provided & switch it on. Napkin gets burnt & the machine gets automatically switched off.
